

OUR MISSION IS FORCE HEALTH PROTECTION.

As the preeminent maritime medical force deployed with our Navy and Marine Corps warriors throughout the world, we are capable of supporting the full range of operations from combat to humanitarian assistance. We are further capable of providing superior state of the art in-garrison health and preventive care for active duty personnel, our families and those who have worn the cloth of our nation – our retirees.

Our concept of care is always patient and family focused and we will never lose our perspective in caring for our beneficiaries. Everyone is a unique human being in need of individualized, compassionate and professionally superior care.

VISION

The US Navy Medical department will remain an agile, flexible, professionally anchored organization with the ability to execute Force Health Protection and all other aspects of expeditionary medical operations to support our Navy-Marine Corps warriors in any conflict, humanitarian assistance, disaster relief or other operations in which medical is needed for sustainment and success.

We will prevent injury and illness when possible but always be capable of service to mitigate whatever adversary, ailment or, illness or malady may affect our warriors.

We must be capable of providing powerful assistance as a joint medical component with other services, the interagency community, allies and international partners, as well as medical, non-governmental organization and corporations.

We must be a superbly trained and led team of diverse Sailors and civilians, who are grounded in our medical ethos, core values and commitment to mission readiness and accomplishment.
